**Re: Rehabilitation of St.Ola Road and St. Ola Road Bridge from Hwy 62 easterly 5 kms  
Contract No. 170-4183**

Dear Sir/Madam:

Drain Bros Excavating Limited has been awarded, the above noted contract to reconstruct St.Ola Road and St.Ola Road Bridge within the limits described above. Work on the project is scheduled to commence on or around July 1<sup>st</sup> and has a tentative completion date of October 18<sup>th</sup>, 2019.

**The following instructions are provided regarding specific issues that may arise in the course of construction.**

**St.Ola Road Access:**

Local traffic will be maintained, but may be reduced to single lanes during Construction activities. All instructions for access will be indicated by signage or directed by ourselves during construction.

**St.Ola Road Bridge Access:**

Local traffic will be maintained, but will be reduced to single lanes during the Bridge Construction activities utilizing temporary traffic signal lights for the duration. All instructions for access will be indicated by signage or directed by ourselves during construction.

**Driveway Access:**

Access to driveways will typically be maintained, however, access may be restricted when operations are directly in front your property. Vehicles may need to be parked in an adjacent location until access can be restored to your driveway.

**Safety Concerns:**

Please be aware that the nature of the work involves operation of large heavy equipment. Although safety measures are installed for the project, please ensure that children, etc. are kept a safe distance from all work areas. If you have any other special needs, accessibility issues or general inquiries about the project please contact the following:

Site Superintendent	Ken Davis	Cell	705-875-2619
Project Manager	Brian Shorey	Office	705-639-2301
		Cell	705-875-3820

Thank You  
Brian Shorey Manager
